39 order and opened the Joint Public Hearing at 6:32 p.m.
40

41 Mrs. Erbaugh invited Ms. Barden to present the material and information for the joint public hearing.
42 Ms. Barden presented PowerPoint presentation to discuss the conditional use permit for 9361-9365
43 North Congress Street. She explained that the existing property is zoned B1 and has two commercial
44 units on the first floor with a residential unit on the second floor. The property is on main street, and
45 there are no changes to the façade in the request, and none of the changes would be seen from main

street. Ms. Barden explained that the proposed use for the property is to maintain the two commercial units and increase the residential units from one unit to two units. The owner needed to submit a conditional use permit to convert existing buildings into two -family dwellings, per Section 70-146-Multi-Family Regulations, subsection (m.) Additional Requirements. It is also required by Section 70-51 Permitted Uses with a Conditional Use Permit subsection (b.). She explained that there would be a small addition of a stairwell on the back side of the building to give access to the residential units. She reiterated that this additional stairwell would not impact the façade on main street and would not be seen from the main street. There are about 18 parking spots proposed that can be created in back section of the property, and the minimum of four parking spots is required for the residential units. Ms. Barden stated that there would be no changes to the setbacks and that the area regulations are still met with the requirement being 10,000 square feet and this property is approximately 15,000 square feet. In the presentation the site plans were presented and were in the packets for both the council members and Planning Commission members. The site plan was also presented to and explained.

Mrs. Erbaugh asked if anyone from the public was present to comment, and there were no comments from the public.

Mr. Henry inquired if unit one would have to be ADA compliant. Ms. Barden stated that she did the preliminary check with Shenandoah County's Building Department, and they did not have any issues with it. Mr. Henry asked if the property owner would have to pave the lot, and Ms. Barden explained that paving is not required, and it would be up to the property owner. Mr. King revisited his request from the last Planning Commission meeting that there be designated residential parking spaces with signage, and Ms. Barden noted that it could be discussed further with the new businesses, but she did not forget the request at the last meeting. Mr. Henry inquired about storm water runoff and if it had been calculated, because he knows that area has flooding. Ms. Barden stated she was unsure, but she would inquire with the site drawer. Mr. King asked how much the work is by right. Ms. Barden explained that most of it is by right, and the only reason for the conditional use permit is because of the change to a two-family dwelling.

With no further questions, Mrs. Erbaugh closed the joint public hearing and invited Mayor Hughes to close their joint public hearing and their special meeting.

Mayor Hughes closed the Town Council's joint public hearing and asked for motion to close the meeting. Mrs. Harkness moved to close the meeting and a second from Mr. Wymer. With no further discussion the Town Council's meeting closed with a unanimous 5-0 voice vote.

Mrs. Erbaugh gave a 5-minute recess to allow council to depart.

Mrs. Erbaugh reconvened the meeting at 6:49 p.m. and asked Ms. Barden to begin with old business.

OLD BUSINESS:

Ms. Barden reported that a zoning permit was approved for a garage at 198 Shenvalee Drive, and two zoning permits for new houses at 105 and 107 Courtyard Terrace. Mr. Wine asked if those were the last two for the development, and Ms. Barden stated that she was not sure if it was the last, but they are looking at wrapping up in early March. Mr. King asked about the street light installation. She said that Mr. Fadley was working with them and Dominion on getting those installed.

93 **NEW BUSINESS:**

94 Ms. Barden asked if there were any more questions about the conditional use permit. Mrs. Erbaugh
95 asked if there was any interest in the commercial spaces, and Ms. Barden stated that she was unsure if
96 he was marketing those yet or not. Discussion about the current work being done is by right, and
97 potentially exploration for the soundness of the building. Mrs. Erbaugh talked about the parking spaces
98 and agreed that there needs to be designated parking spaces for residential units. Ms. Barden noted
99 that this can be stated with the recommendation to the council and council can approve it, but the
100 property owner does not have to agree to those conditions. She doesn't think it will be an issue.

101
102 Mr. King made a motion that we require designated residential parking spaces with signage. Mr.
103 Mongold seconded the motion, and with no further discussion the motion passed with 4-0 voice vote.

104
105 Mr. Wine made a motion to recommend council approve the conditional use permit with the conditions
106 of the four designated residential parking spaces with signage. Mr. King seconded the motion, and
107 without further discussion the motion passed with 4-0 voice vote.

108
109 Mr. Mongold inquired if the old grocery store building or the Rt. 11 Equipment Sales property was sold.
110 Ms. Barden stated she was unaware if those buildings were sold. He then inquired about the Franwood
111 Farms Office building, and Ms. Barden stated there was a change of use permit last month and that it
112 would be becoming a retail space. Mr. King asked if there was enough space to meet the parking spaces
113 needed by code. Ms. Barden stated that there was. There was discussion about the types of items that
114 would be sold such as meats and farm products. Mr. Mongold inquired about the land at the end of
115 Clicks Lane. Ms. Barden stated that she didn't have anything on that.

116 **ADJOURNMENT**

117 **With no further business to discuss, at 7:00 p.m., Mr. King made a motion to adjourn the**
118 **meeting. Mr. Wine seconded the motion which passed on a unanimous 4-0 voice vote.**
